ALLIES TO DEMAND KAISER

Demand for Surrender of William Hohenzollern to be Made on Holland by the Allied and Associated Powers

**SUPREME OFFENSES ARE CHARGED
CIVILIZED WORLD APPROVES MOVE**

**Special Tribunal of Five Judges to Try
The Culprit Now a Fugitive in Neutral Holland**

WASHINGTON, April 28.—(Associated Press)—New articles proposed for insertion in the peace treaty to be considered at the plenary session of the conference today, the state department announced today, include the following:

Article 1.—The allied and associated powers publically arraign William the Second of Hohenzollern, former German emperor, not for an offense against criminal law, but for a supreme offense against international morality and the sanctity of treaties."

It is proposed that a special tribunal be constituted to try the accused, consisting of five judges, one appointed by each of the five great powers—the United States, Great Britain, France, Japan and Italy.

The allied and associated powers will request Holland to surrender the former emperor for trial.

MILITARY OFFENDERS TO BE TRIED

Persons accused of violation of the laws and customs of war, according to the second proposed article, will be brought before military tribunals and if found guilty "sentenced to the punishments laid down by military law."

All persons accused of having committed an act in violation of the laws and customs of war who are specified either by name, rank, office or employment which they held under the German authority will be demanded of the German government for trial by the military tribunal of the power against whose nationals the criminal acts were perpetrated. Article four is as follows:

"The German government undertakes to furnish all documents and information of every kind, the production of which may be considered necessary to insure the full knowledge of the incriminating acts, the discovery of the offenders and the just application of the responsibility."

CAUSES SURPRISE

Thus the peace conference commission on responsibility for the war has solved its greatest problem. The state department announcement was received here with surprise because it was known that Secretary Lansing opposed steadfastly any attempt to bring the former Kaiser before an international tribunal.

Mr. Lansing contended there was no law by which such an offender could be reached by the conference and that it would be contrary to the constitution of the United States for the American delegates to participate in the execution of an international ex-post facto law.

At that time it was proposed to charge criminal and military offenders and it was suggested today the de-

termination to base the indictment upon violation of international morality and the sanctity of treaties was taken to mean the American viewpoint prevailed.

HINES ACCEPTS BOARD'S OFFER

(By Associated Press) Denver, April 28.—Director General of Railroads Hines, in a statement today upon his arrival here, announced his willingness to accept the offer made by the industrial board for the department of commerce, to bring together representatives of the railroad administration and the steel producers to settle the controversy over the government price stabilization program.

WIDOW OF RIVER MAN DIES
Evansville, Ind., April 28.—Mrs. Sarah Kinman, 77 years old, widow of Captain James Kinman, who operated on the lower Ohio River, died Sunday. The body will be sent to Louisville, Ky., for burial. Her surviving son, John Kinman, lives in Louisville.

Former Kaiser Will Be Tried

WILLIAM HOHENZOLLERN

According to the latest proposal disclosed by the peace conference it seems reasonably certain that the former Kaiser will be brought to the bar of justice before an international court to answer for his crimes.

PEACE TREATY TO CONTAIN STRONG TERMS FOR HUNS

To Give Associated Powers Most Favored Treatment of Nations

No Reciprocity Clause Has Been Included

(By Associated Press) Paris, April 28.—The report of the economic commission of the peace conference, the Paris papers say, contains clauses for insertion in the preliminary peace treaty that Germany shall give the allied and associated nations the treatment of most favored nations without any reciprocity.

FOUR SAILORS ARE DROWNED

(By Associated Press) New York, April 28.—Four sailors were drowned early today when a motor launch belonging to the United States destroyer Bell, was sunk in a collision with the steamer Henley, according to an official statement issued this afternoon by the officers of the staff of Rear Admiral Robertson.

COUNTY AIDS CELEBRATION
Greensburg, Ind., April 28.—County Council has turned over \$3,500 to be used in defraying expenses of service men who will attend the Welcome Home Celebration at Indianapolis. The money was appropriated for patriotic purposes last fall. Meetings will be held here to arouse interest.

15,093 YANKS ARRIVE TODAY

(By Associated Press) New York, April 28.—Seven steamers carrying 15,093 troops, including large detachments of the Seventy-seventh and Twenty-eighth divisions and the 18th and 117th Engineers, arrived here today from French ports.

OFFICER DIES OF INJURIES

Camp Merritt, N. J., April 28.—Major H. E. Bunch, Charleston, S. C., medical officer attached to the One Hundred and Sixty-eighth Infantry, who returned recently from overseas service, and Private Joseph Phillips, Texas, attached to the casual battalion here, died at the base hospital of injuries received Friday night when two automobiles collided near the reservation.

SWISS LEADER IS CALLED TO PARIS BY URGENT WIRE

May be Asked to Arbitrate in Italian Territorial Squabble

(By Associated Press) Geneva, April 28.—Gustave Ador, president of the Swiss Federation, has received an urgent summons to the peace conference in Paris and left Sunday night.

The papers here say he has been invited by the allies to act as arbitrator in the question of the Adriatic.

SONNINO IS BACK IN ROME

(By Associated Press) Rome, April 28.—Foreign Minister Sonnino, who left Paris Saturday afternoon, arrived in Rome at 9:30 last night. He was given an enthusiastic reception. Large crowds cheered his party in all the towns where their train stopped Sunday.

SPARTACANS FAIL IN REVOLUTION

(By Associated Press) London, April 28.—Spartacan forces attempted to overthrow the government in Bremen yesterday but were defeated after hard fighting. A dispatch from Stettin transmitted by the Exchange Telegraph Company reporting the outbreak, adds hand grenades were used freely in the fighting.

MOST EVENTFUL WEEK OF CONFERENCE OPENS WITH PLENARY SESSION

OFFICIALS SCAN THE LEAGUE PACT JUST ANNOUNCED

American People Given Text Before it Was Presented to Plenary Session Today

Few Changes From the Recent Summary

(By Associated Press) Washington, April 28.—Publication by the State Department today of the revised covenant of the league of nations gave the text of the document to the American people several hours in advance of its presentation at Paris.

The substance of the covenant including changes designed to meet criticism in the United States had been disclosed two weeks ago through an official summary but many members of the Senate, officials and others had withheld final judgment until they could study the complete text.

Apparently these observers found the official summary had given a fairly comprehensive outline of the document, especially of the amendments.

HUN DELEGATES AND EXPERTS ARE NOW IN FRANCE

Bulk of Delegation Will Reach Versailles Tonight, is Report

(By Associated Press) London, April 28.—The greater part of the German delegation to the peace conference, together with all its experts and clerks, left Sunday by special train for Versailles by way of Cologne, at which place they were met by French representatives.

They will arrive at Versailles this evening. The leading delegates will leave today for Versailles.

CABLE LINES TO BE RESTORED TO PRIVATE OWNERS

Burleson Announces Restoration May be Made by May 10th

(By Associated Press) Washington, April 28.—President Wilson has been asked by Postmaster General Burleson to approve the immediate return of American cable lines to their private owners.

In announcing his action today the Postmaster General said he hoped restoration of the properties could be made by May 10th.

(By Associated Press) Cleveland, April 28.—Fourth Federal District Victory loan sales had reached \$159,183,000 at noon today, according to an official estimate.

Treaty to be Ready for Hun Delegates Saturday of Present Week

MANY PROBLEMS COME UP

Japo-Chinese Questions to be Considered This Week

Bolsheviki Forces Are Meeting Reverses in East

(By Associated Press)

What promises to be perhaps the most eventful week yet of the Paris peace conference opens today with a plenary session of that body with final action on the covenant of the league of nations in prospect.

There also is a feeling prevalent in Paris that the treaty of peace will be ready for presentation to the German delegates by Saturday of this week before which time it is hoped the Italian situation may resolve itself.

As to the peace treaty the most important matter still to be settled is the problem of composing the Japanese and Chinese claims to Kiao Chiao and the Shantung peninsula.

A decision on this subject has been expected for several days and may be announced today.

Matters dealing with the disposition of German cables, the repatriation of German prisoners of war and future status of the Kiel Canal and questions relative to Luxemburg also are pending but it is believed they are in a fair way toward an adjustment.

Conditions in Italy are being watched with some concern, but very little news relative to the state of public opinion there and the activities of Premier Orlando and his colleagues in the government has arrived since Saturday.

At the public meeting of the peace conference to be held today the revised draft of the league of nations will be presented. This draft, made public in the United States Sunday night, differs in some respects from that brought to America by President Wilson in February. It is probable that Japan will make an effort to secure an amendment which will grant the Japanese claims for recognition of racial equality.

Germany, with the exception of Bavaria and Silesia, seems to be much quieter than it has been for weeks. A general strike is reported in the coal and iron districts of Upper Silesia and the iron industry is seriously affected.

The Russian Bolsheviks have suffered severe reverses on the eastern front and Admiral Kolchak's forces seem to be making gains which may develop most favorably in the near future. Troops which have been fighting against the allied forces in northern Russia are reported to have been withdrawn and sent to the eastern front where the danger to the Soviet government seems more threatening. Dispatches from Paris indicate the plans to provision the larger cities in Bolshevik Russia is making little progress and that opposition to it is growing in anti-Bolshevik circles.

STUDIES MILITARY PROBLEMS OF PEACE

Maj. Gen. William J. Snow.

Major-General Snow, chief of field artillery, has been detailed by the war department on a special mission to France, England and Italy. He will study the latest developments in military organization with a view to adopting them to peace military establishments in this country.

VICTORY LOAN FIGURES STAND NEAR A BILLION

Oversubscriptions Being Urged by Treasury Where Top Has Been Already Reached

Second Week of Drive Now in Full Swing

(By Associated Press)

Washington, April 28.—One billion dollars had been subscribed today to the Victory loan according to unofficial reports. It was considered doubtful that the official figures which the treasury recognizes would reach the billion dollar mark by tonight.

At the opening of the second of the three weeks' campaign reports today reflected a tendency among hundreds of communities which are approaching or have passed goals set for them to oversubscribe in conformity with the treasury's latest request.

(By Associated Press) Toledo, O., April 28.—Toledo went over the top today with over fifteen million dollars, the quota being \$14,915,000.

NEW REGIME SET UP IN OLONETZ BY THE FINNISH

Fall of City Expected to Have Direct Bearing on Allied Operations

(By Associated Press)

Helsingfors, April 28.—A national assembly has been formed at Olonetz, 110 miles northeast of Petrograd, where the Finns have driven out the Bolsheviks. The town was captured by volunteer troops, according to reports.

The capture of Olonetz by forces opposed to the Bolsheviks may have an important effect on the allied campaign on the Murmansk railway and on the situation also in the Archangel region.

CROIX DE GUERRE AWARDED LT. PAUL HUGHEY ARRIVES

French War Decoration For
Bravery is Forwarded To
Mother of Local Man
Who Gave Life For Flag.

Certificate of Citation Also
Accompanies The Coveted
Decoration.

The United States War Department has forwarded to Mrs. J. W. Hughey, mother of Lieutenant Paul H. Hughey, a citation for bravery in action and the French war cross, or Croix de Guerre with palm—one of the most coveted decorations issued by the French War Department.

The decoration, which comes to Mrs. Hughey as next of kin of the brave young aviator who lost his life in action September 17th, is accompanied by a certificate showing that upon several occasions the young aviator met the enemy in mortal combat, and that he disappeared while on a perilous mission—or while engaging enemy planes.

The medal is attached to a ribbon which bears a palm leaf, indicating that the decoration is not merely for one act of unusual daring, but for several.

The certificate citing Lieutenant Hughey for bravery, and which bears the signature of General Petain, reads:

"General Headquarters of the French Armies of the East. Order No. 14,016.

"With the approbation of the Commander in Chief of the Am-

erican Expeditionary Forces in France, the Marshal of France, Commander-in-Chief of the French Armies of the East, cites in the order of the Army, Lieutenant Paul H. Hughey, as U. S. A. (Pilot) 91 U. S. Escadrille, 'Penetrated far into the enemy lines to make reconnaissance. Brought back information which was very valuable to the commander; often engaged in stiff combats, especially on June 30th, August 14th, September 2nd and 4th. Disappeared September 17th during a perilous mission.'

"At General Headquarters, March 8, 1919. The Marshal, Commander in Chief of the French Armies of the East.
"PETAIN."

TROPHY TRAIN HERE THURSDAY

The Victory Loan trophy train, carrying a large display of German war machinery, including a wide variety of arm and munition, and which should give a very definite idea of what American troops faced "over here," will be in Washington Thursday of this week, while a train of trophies will visit Bloomingburg on Wednesday.

The one at Bloomingburg will reach that place about noon on Wednesday and remain until about 4:30 o'clock.

The trophy train coming to this city is one of the best now making a tour of the country, and will be free to everyone.

The train arrives in Washington C. H. over the D. T. & I. at six o'clock A. M., coming here from Greenfield. Will remain here for train crews, attending sailors and soldiers and bond salesmen to have breakfast and luncheon, leaving at 1:30 p. m. for South Charleston over the D. T. & I. The train will be here long enough for everyone to get a good view of the exhibits, which will be more numerous and more interesting than before. There will be three flat cars and one baggage car full of trophies, one more car than before.

BOOKWALTER SCHOOL CLOSED ON FRIDAY

The Bookwalter school closed Friday, April 25th. No closing exercises were prepared on account of the short school term. Nevertheless pupils and teachers would have planned for a picnic dinner together on the lawn. This was tabooed by the cold weather and a long table was placed in the play-room of the basement, where the spread was merrily served.

The children came with well filled baskets and a bounteous feast was enjoyed. To say that each one present did ample justice to the dinner is stating it mildly. A short afternoon session was held, the remainder of the time being spent in play.

Just before returning home the children were given all the ice cream they could eat.

Thus the first term of the Bookwalter Consolidated School ended with a day long to be remembered by pupils and teachers.

The school has been doing excellent work under the direction of Mr. Edgar E. Enoch, principal, and the teachers, Misses Bertha M. Wowery and Bertha Armstrong.

LABOR LEADER BADLY INJURED

(By Associated Press)
New York, April 28.—Samuel Gompers, president of the American Federation of Labor, was seriously injured here Sunday afternoon when a taxicab in which he was riding was struck by a Broadway surface car and hurled 20 feet to the curb.

Surgeons, who were summoned reported after an examination that two of Mr. Gompers' ribs had been fractured, his right hip sprained and that he had suffered severe body contusion. Despite the advanced age of the labor leader, who is 69 years old the surgeons declared that there was no likelihood of the injuries proving fatal.

PALMER TO SIT ON DRY LID IS NOW ASSURED

Attorney General Declares There
Will be No Tilting by Wets

(By Associated Press)
Washington, April 28.—Enforcement of national war-time prohibition effective next July 1, will be undertaken by the department of justice. Attorney General Palmer, in a

statement issued last night, declared that "as long as the act remains in force under its terms it becomes my duty to see that it is enforced like all other laws, by the prosecution of such persons as violate it."

The attorney general further asserted that he possessed no power to grant amnesty to anyone who might manufacture beer pending an interpretation of the law as to what percentage of alcoholic constituent brings beer within the meaning of prohibition act.

The statement of the attorney general definitely settled the question of the agency to take up the enforcement of the act, which arose when

Commissioner of Internal Revenue Roper let it be known that his bureau had neither the funds nor a staff available for carrying out the act's enforcement. The voluntary assumption by the attorney general of the act's enforcement also relieves President Wilson of any delegation of authority under the Overman act, which it was thought might be necessary.

He asserted that there "has been a good deal of misunderstanding of the plans and purposes of the department of justice" with respect to enforcement of the act, and that under its terms it is the duty of his department to enforce the prohibition law.

Philosophers take things as they come, but rag pickers and pickpockets take as they go.

BILL'S SANCTUARY REALLY A PRISON CLOSELY GUARDED

Constant Warnings Reach Bentinck Castle of Attempts on Life of Hohenzollern

Presence a Thorn in the Side of Holland, Who Would Oust Him

Amfrongen, Netherlands, March 21. (Correspondence of the Associated Press)—There was excitement and alarm at the Bentinck castle today when the mail brought two violently worded threatening letters to the former German Emperor William and almost simultaneously a telegram was received warning him of an attempt to be made on his life.

The sixteen armed military policemen provided by the Dutch government at its own expense to guard the person of the fallen monarch were quickly mustered. These off duty were roused from their sleep and received orders to patrol the grounds of the castle carrying loaded carbines. This watch was continued throughout the night, much to the discomfort of the Dutch gendarmes.

TWINS ARE STARS IN SWIMMING MEET

Ruth and Eleanor Smith.

Miss Ruth Smith won the woman's national championship in the 150-yard back stroke event recently in a swimming meet at Pittsburgh. Her time was 2:17 2-5, a new record. The former record was 2:26, held by Dorothy Burns. Miss Thelda Glibetroy of New York was second and Eleanor Smith, Ruth's twin sister, finished third.

who would be delighted to learn that Herr Hohenzollern had decided to seek shelter in another land.

Despite all the precautions taken to guard him, it is evident that there is frequent if not constant apprehension that some person might yet obtain entrance to the grounds of the castle by stealth or subterfuge and attack the former Emperor.

To ward off such a possibility, the steward of the estate has been given the daily task of making a thorough search of the grounds before the erstwhile ruler sets his foot therein on his daily journey to the woodshed.

The sanctuary of William II has become a prison without being called by that name and within its walls he spends much of his time in an effort to avoid comparison of his present position with his former greatness.

There seems to be small chance that he will seek another refuge. When he came to Holland he, undoubtedly, harbored the belief that his sojourn here would be brief and that his former subjects soon would recall him but thus far no whisper has come for him to return. He seems not to be wanted in Germany, but the Hollanders are now hoping for his speedy departure as they are beginning to feel that his presence here is having a bad effect on their relations with the rest of the world.

Arrangements are being made at Count Bentinck's castle for the continued sojourn of the German guest. Whether the Entente nations will intervene and disturb the plans cannot be foreseen.

FROM FIRING LINE TO ARMY OF OCCUPATION

Mr. F. W. Greene, of Cunningham Station, has a nephew, Capt. John Paul, of Harrisonburg, Va., who was on the firing line from September the 26th until the Armistice was signed and is now with the 312th Field Artillery part of the Army of Occupation.

A recent letter from him gives interesting details concerning conditions over there and pays a tribute to the valor of the American soldier, especially those men from his own section, and many raw West Virginians who were converted into high class soldiers.

Capt. Paul's father was a Captain in the Confederate Army and the son is showing the same heroism in face of danger.

Capt. Paul writes that the strange thing to the soldiers was that Germany should fight as efficiently as she did, when she knew she was licked and her surrender at hand. The German prisoners showed they were as well informed as our soldiers of what was going on.

He says the French will be celebrating for a year or two and he doesn't blame them.

YANK SEAPLANE READY FOR TRIP

(By Associated Press) Rockaway, N. Y., April 28.—The big naval seaplane N. C-3, which completed a successful trial at the naval air station here yesterday, may "jump off" any time now for Newfoundland on the first leg of its trip overseas by Commander John E. Towers, in charge of the navy department's plans for a transatlantic flight.

Commander Towers asserted the machine was ready for its "big hop," but declined to say whether it would be held here until the N. C-4 and N. C-1, the other naval entries, are ready for flight. It is said these planes will not be ready to take the air until the end of this week.

CHAMPIONS ARE READY TO MEET

Welterweight champion wrestler—"Cyclone Bill" of Cleveland, and Lightweight champion Matty Matsuda, of Columbus, are ready for the championship wrestling bout in this city tonight at 8:15 o'clock, at the Armory on East Court street.

Matsuda was born in Tokio, Japan, weight 138 pounds; is 5 feet 5 inches in height; has a reach of 69 inches, and neck measurement of 16 1-4 inches; chest 39 inches and waist 29 inches. He won the lightweight championship in 1912.

Cyclone Bill (Wm. Flodin), was born in Sweden. Weight 145 pounds, is 5 feet 7 1-2 inches in height; has 71 inch reach; neck measurement is 17 3-4 inches; chest 42 inches, waist 31 inches. He won the championship at Boston, Mass., in 1917.

A preliminary bout between Pappas and Hamilton is expected to be one of considerable interest.

NO DEFINITE WORD FROM WHIPPET TANK

So far the Victory Loan Committee has received no definite information regarding the tank which was to have been in this city on Saturday, but which has been greatly delayed because the schedule mapped out could not be maintained.

This much has been announced by the ones in charge of the tank—it probably will not be here before Thursday of this week.

Just as soon as definite information is available it will be announced and the indications are that the tank will draw thousands of persons to this city.

The bells and whistles of the city will be sounded about one hour before the tank arrives, and the tank itself will remain in the city for several hours, it is understood.

JOINT WORM FLY BECOMES ACTIVE

The joint worm fly has been busy in Fayette wheat fields, but it is believed the recent freezes did much toward lessening the ravages of this pest as many of the flies appear to have lost a great deal of their vitality by passing through the severe cold weather.

However in some wheat fields there are still great swarms of flies left, and the hope is that the eggs already deposited by the flies have been killed by the freeze.

TAX RETURNS ARE COMING IN CHUNKS

The County Auditor's office is experiencing the final rush in return of tax blanks, and the corps of assistants at the office are swamped with applications for assistance, and will be until the close of business on Wednesday—the last day of filing returns without losing exemptions.

All persons who can are asked to do as much toward completing the filling out of their blanks as possible before calling for help at the Auditor's office, and to have all information at hand when they do call for help.

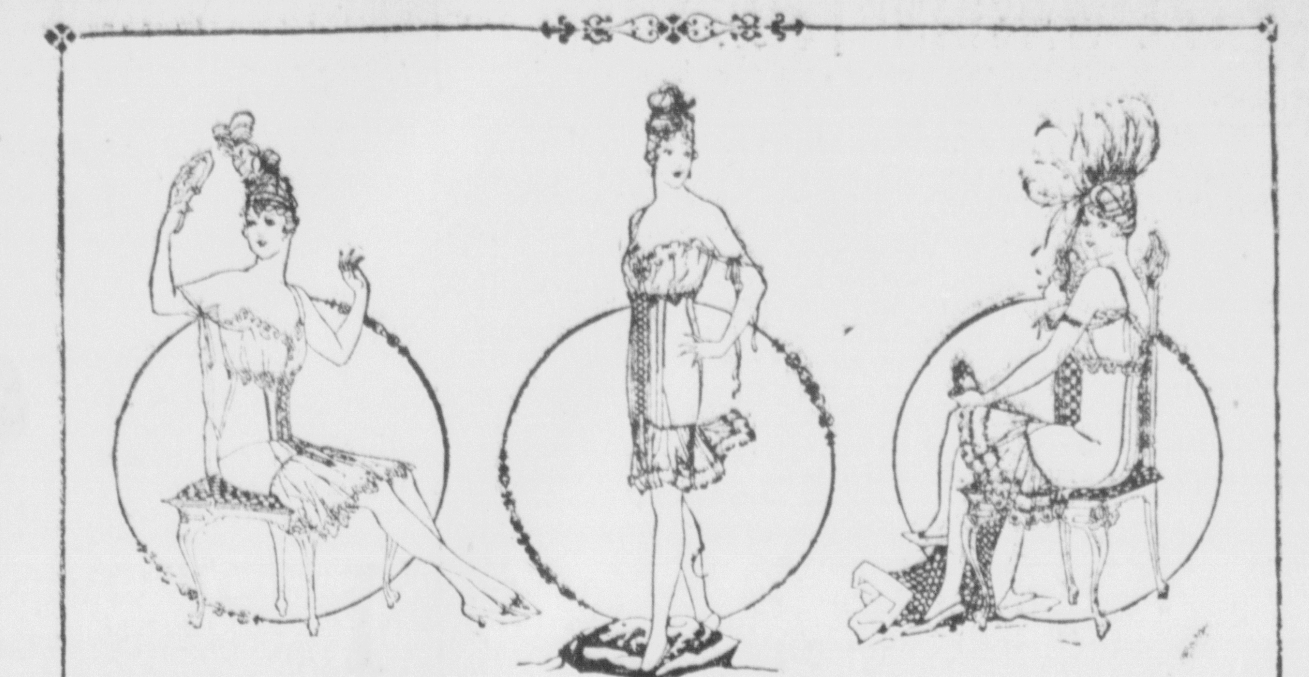

NEARLY ALL FRUIT BELIEVED KILLED

Examination of the fruit buds in Fayette county indicates that the bulk of the fruit has been killed, particularly the cherries, peaches, plums and pears, while a large percentage of the apple buds also were frozen. Berry prospects are poor as result of the heavy freeze.

Apple buds have been somewhat slow this year, and because of this there may be part of a crop.

The Wesley Chapel Mite Society will meet at the home of Mrs. Ed. Schleich, Tuesday afternoon at 2:30, April the 29th. Notice the change.

Standing, sitting and walking correctly are the first essentials to good health and that elusive charm we call style

ALL women wish to be well; but all women do not appreciate the vital importance of correct corsetry as an essential to good health. The well-known medical authority, Alice S. Cutler, M.D., warns us: "As a physician who knows that if it were not for ill-fitting and the wrong kind of corsets we would have very few female in-

valids, I am naturally determined to do everything in my power to educate the American woman in the proper fitting of corsets. Most learned physicians now recognize the modern corset as a hygienically healthful garment and one that is often the best means of providing corrective support for many bodily ailments."

GOSSARD CORSETS

The Original-Unequaled Front Lacing Corsets

have attained their unquestioned superiority by assisting nature to perfect expression.

Every Gossard is hygienically correct. Properly fitted to the figure for which it was designed it will give scientific support to abdominal and back muscles, with no chance of undue pressure at the waistline; the organs of nutrition will be free from pressure; the erect posture which is induced will encourage deep breathing and the diaphragmatic mus-

cles become strong with use. A woman so corseted will have the undeniable beauty of health and that grace of body, standing, sitting, or walking, which is best expressed in the one word, style.

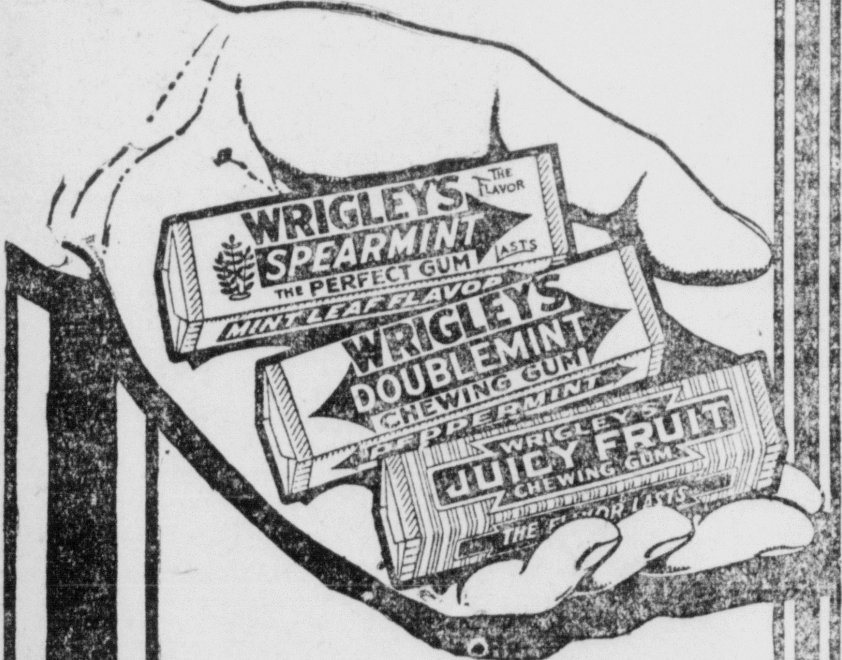

We unreservedly recommend Gossard Corsets as the complete expression of modern corsetry. Our highly specialized corset service is maintained with a full appreciation of the exacting needs of the modern, active woman.

Gossards are priced at \$2.50 \$2.75 \$3.00 \$3.50 \$4.00 \$5.00 \$5.50 and more

ANTI-BOLSHEVIKI IN OPEN REVOLT

(By Associated Press) Stockholm, April 27.—The inhabitants of Olonetz, 110 miles northeast of Petrograd, in the government of Olonetz, have revolted against Bolsheviks. Reports received here today add that the revolt is spreading northward.

The allied forces advancing southward along the Murmansk Railway were last reported approaching the northern shore of Lake Onga. Olonetz is situated between Lake Ladoga and Lake Onga and near the Murmansk Railway, which runs along the western shore of Lake Onga. The allied force is about 100 miles to north.

"YOUR CAR AND MINE"

That's the slogan of The Fayette County Automobile Club and it is a slogan with a real meaning too. Listen—Only last week a local man had a fine car stolen in one of the neighboring cities. He called on the police for aid. He was met with a volley of questions which he couldn't answer and without the answers the police were powerless. Result—Time for the thieves to make their get-away and leave the car a wreck.

The Fayette County Automobile Club, in such cases, furnishes all such information instantly.

Few car owners know their license numbers and not one in a thousand knows his engine number.

The Automobile Club keeps a record of that and other vital information—always available on the instant.

That is only one illustration of the necessity of a real working, efficient automobile club.

The Rainbow Division

The 166th is home again. The big transport Leviathan landed her precious cargo of thousands of fighting men of the Rainbow Division in New York on Friday afternoon and, as rapidly as possible, the men will be sent to the demobilization camps nearest their place of enlistment and thence home.

The home communities are preparing a welcome for them which will, in a measure, express their pride and their gratitude to those who formed that mighty fighting unit in Uncle Sam's army overseas.

We all remember "as though it was yesterday" when these companies and regiments were hurriedly collected, from widely separated sections of the nation, and formed into our first fighting force abroad. How proud we were when our own Company M was assigned for service and to early convoy abroad in that division, and how our pride was dulled by sorrow at the parting and the realization of the tremendous duties which the men faced. We can never forget that time—our joy and our anxiety.

The Rainbow Division was the advance guard of America's fighting hosts which were to bring the Hun to his knees and save freedom for the people of the world. It was the promise of America to the old world. That division was to blaze the way through the wilderness of war, it was to set the pattern for the millions to follow, it was the first to be inspected abroad.

Europe looked the Rainbow Division over. The men looked good but they were untested by the fire of war. The test was not long delayed. From the start the division made good—so good in fact that it passed at once from a division that would "do" to a combat division, sought for and sent to every front in the vast theater of war where there was hard fighting to do. The Rainbow Division won quickly a place in the hearts of the people of the allied nations and fought its way to the respect of even the hard-headed Huns. It soon became the promise to America as well as Europe. Every task was performed valiantly and successfully. It made good in every way and met every test fully.

Now the gallant division is back again in America and we are to welcome the men, their duty done and glory won.

Many of the boys fell in battle and are at rest in France. No one has any doubt now about the Rainbow Division—the test is over and the record is clean and bright.

Welcome home. We have no sorrow save for those who gave their lives, in France, that liberty might live, but that sorrow is brightened by the glorious record they left behind.

Build Now

Government departments are urging building activity in all lines. Material men are urged to advertise so that people will be advised of market conditions—supply and prices.

Officials, it seems from every indication, having sensed the tremendous demand for building materials and labor which cannot long be postponed, are very wisely seeking to stimulate activity in building at this time so as to avoid, so far as it is possible, a business disturbing demand later on which cannot be met satisfactorily.

On every hand people are urged to take up the matter of building this year before the big rush is on. If people follow the advice of officials, dealers, contractors and the observers of conditions they will not postpone building plans.

It seems to be the unanimous opinion that the material market conditions are better now than they will be later on and the same thing is true regarding labor and transportation.

During the war and the pre-war periods much really necessary building was halted because of the need for mobilization of man-power and money, as well as the demand for material and the transportation difficulties.

Every objection seems now to have been lifted and the only excuse for delay that can be urged is the belief that lower prices and less demand will prevail later on. That view is generally regarded as unsound and, if adhered to, certain to cause financial loss and inconvenience later on.

Build now seems to be the slogan fully warranted by every condition.

POETRY FOR TODAY

LITTLE LADS O' LADDIELAND

O, little lads o' Laddieland,
Where do ye wander today?
By the River o' Time I sadly stand,
And dream o' ye all at play.

I dream o' the years when ye were here,
O' the years that may come no more
O' your boyish laughter which rang so clear,
And the heart o' me is sore!

Oh, little lads o' Laddieland,
Why did ye go away?
Have ye found, somewhere, a kinder hand
In the new lands where ye stray?

Your voices were sweet in the distant years,
When ye romped the glad days through;
But the River o' Time is fed with tears
That are shed for the likes o' you.
—Thomas Emmet Moore.

FURROWED FACES OF EXILES TELL PITIABLE STORY

Settlement of Refugees at Saloniki Contains Wrecks of Humanity

Bloody Brutality of Turk and Bulgar Revealed by Lurid Stories

Saloniki, March 9.—(Correspondence of the Associated Press)—High up on the hills of this bustling Macedonian city is a picturesque settlement where 3000 Greek refugees driven from Asia Minor by the massacres of 1914, make their homes. Hundreds of other Greeks who were interned by the Bulgarians in Dobrudja during the war have joined the recently. The houses in this refugee camp were constructed by the Greek government. A space equivalent to a large New York furnished room is allotted to a family of from five to eight.

As the Associated Press correspondent was visiting the village, two ox-carts loaded with Greek refugees who had been driven by the Turks from the villages along the Sea of Marmora in 1913 and 1914 and who during the present war were expelled from Macedonia by the Bulgars, made their way slowly up the steep mountain road. The refugees had just come from Dobrudja, to the south of Rumania, where they were practically exiled by the Bulgars. They had been nearly two months on the way, and virtually all the food and aid they got came from the American Red Cross, which has relief posts along the line leading from Bulgaria into Macedonia. Many were little tots from one to five years old. The wonder was how these little ones sickly and undernourished, were able to survive the long trip by train, motor-truck and ox-cart.

The faces of these returning refugees were an inexpressible sad and harassed look. For five years they were driven hither and yon by Turk and Bulgar and had never known what it was during that time to have a roof and shelter. Under the Bulgars they were forced to live in the open fields or in dugouts or stables. Eighteen hours a day at hard labor under constant intimidation was the lot of some of them. Three-fifths of a pound of black bread a day was the pitiful recompense they received from the Bulgars, often those too weak to work were beaten by their ruthless masters.

One refugee declared to the correspondent that at one time there were more than 60 deaths a day among the refugee colony in Dobrudja from mal-nutrition, exhaustion and exposure. In certain sections he said the Greeks were forced to live largely on the rinds of watermelons

which the Bulgarian soldiers threw in the streets.

The older residents of this refugee "suburb" of Saloniki, most of whom had fled from different parts of Asia Minor during the wholesale massacres there in 1914, have bitter experiences to relate about their treatment by the Turks. Some of these people lived in the city of Phocis, where the whole Christian population either had been driven out or were killed by the Turks. The women wept as they told about the outrages of the Moslems. The worst story was that told by an intelligent peasant woman, who declared that in a butcher-shop opposite her home in Phocis, she saw the Turks take a young girl, who was considered the most attractive in town and cut her body into pieces. They hung the pieces on meat hooks and offered them for public sale, she said, to show the Turks contempt for Greek Christians.

TAKES BODIES OF MURDERED PEOPLE FROM CESS POOLS

Omsk, Siberia, April 1.—(Correspondence of the Associated Press)—A Russian volunteer soldier who took part in the battle of Perm gives the following narrative of what he saw in the village of Kouvechine, not far from Perm, where he was stationed during the fighting which resulted in the complete defeat of the Bolsheviks.

He was ordered to clean out three cesspools which were filled with the corpses of people who apparently belonged to the intellectual or cultivated class of the community. Many of the bodies bore wounds made with swords. He removed thirty corpses from the first pit, the ages of the victims ranging from 16 to 60 years. There were several women among the victims. All the bodies were naked. There was reason to believe, in the soldier's opinion, that many of the people were thrown into the pits still alive and they died by slow suffocation and from the effects of their wounds.

The inhabitants of the village were so terrified that they acted like insane persons. When the Siberians came as victors and the town bells rang out, the people jumped for joy, clapping hands and skipping around in circles.

In the neighboring village of Gornozavodsk, situated on a railroad, the people were found to be absolutely without nourishment, and the condition of the children was pitiable to witness.

A REAL ECONOMY

Because of Extra Wear

There is no better judge of shoe wear and comfort than the policeman who is on his feet all day long. W. H. Berry, patrolman in Boston, Mass., says of Neolin-soled shoes: "My shoes with Neolin Soles serve me better than any others I have ever used. They keep my feet dry at all times, and do not slip."

When you buy new shoes, be sure they are Neolin-soled, and you too will know better service from shoes. Moreover, these shoes are a real economy because of the extra wear they give. Most good shoe stores carry them in styles for men, women, and children. And don't throw away your old shoes. Have them re-soled with Neolin Soles. Remember—these soles are flexible and waterproof, as well as long wearing, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

News of Interest to Women

The April meeting of the local W. C. T. U. was held Friday at the home of Mrs. Walter Dumford, Leesburg Avenue. There was a good attendance and the cheery home, its pleasant hospitality, spring flowers, and excellent program made the meeting unusually gratifying.

To open the meeting the beautiful hymn "Calvary" and Easter scripture selections were rendered on the Edison.

Roll call was answered by favorite texts and pithy sayings of Miss Frances Willard.

An important item of the business session was the mention of the thousands of dollars which Fayette county has pledged to the cause of World-wide Prohibition, the apportionment of each member being three dollars. President read a letter from our representative Mr. Frank C. Parrett, who assured the women of his right attitude toward the passage of the Prohibition Enforcement measure, and of his regret for the failure of the Emergency bill.

Mrs. Merriweather conducted the program. Mrs. Reno read an article "An Anti-Prohibition Trick" which showed the deceptive means employed by those opposed to Prohibition in creating sentiment against it.

The leader had collected a large number of clippings of facts gleaned in prohibition states which prove conclusively that Prohibition does prohibit, empties jails and almshouses, reduces the number of inmates in insane asylums, greatly increases bank deposits, good health and morals.

Mrs. William Patton read a splendid paper on "Prohibition Day." So long we have sung "Glorious Day We Long to See" and now our fondest hopes will soon be realized but we must not think our work is finished, and sink back into idleness or indifference. The enemy is at work. The appetite for strong drink and the

aversion of the would-be liquor dealer is far from being extinct, so we must continue our campaign of education, lest a younger generation spring up and tear down our laws.

Through God we have been led to victory along so many lines, and He has much yet for us to do, hence a National Drive for a Million Dollars has been inaugurated.

After the W. C. T. U. benediction, dainty refreshments were served by the hostess, assisted by her daughter, Miss Blackburn and Mrs. Jas. Summers.

The lectures to be given by Mary Harris ARMOR on Monday afternoon at 2:30 o'clock and evening at 8 o'clock at the High School auditorium, were announced and all W. C. T. U. members are invited to attend the evening lecture in a body, assembling in the hall.

Place of the next regular meeting will be announced later.

Saturday afternoon at half past five o'clock Miss Chloe Bonecutter, the pretty and attractive daughter of Mr. Albert Bonecutter, was united in marriage to Sgt. James Henry Hubbard, son of Mr. J. H. Hubbard, of Dallas, Texas, who has been in training at Camp Sherman for the past twenty months.

The marriage will be learned with interest by the bride's relatives and many friends in this city, who are eagerly extending best wishes.

The ring ceremony was performed by Rev. Arthur P. Cherrington at Grace M. E. Parsonage, and was witnessed by Miss Bernice Ford and Pvt. S. T. Thiel, of Toledo, and Sgt. R. A. McKinnon, of Boikins City, Mich. The bride was looking very smart in a suit of navy blue French serge, with pink georgette blouse and black picture hat.

Following the ceremony the little party of five enjoyed a wedding dinner at the Cherry Hotel before Sgt. and Mrs. Hubbard left on the B. & O. train for a short wedding trip. A number of friends had learned of their intended departure and were waiting at the station, so that they left amid a shower of rice.

Until Sgt. Hubbard receives his discharge and future plans can be made, Mrs. Hubbard will remain at the home of her father in this city. Before entering military service Sgt. Hubbard held the position of Rivet Inspector at Youngstown.

Mr. and Mrs. N. B. Hall entertained over Sunday a family house party including Mr. and Mrs. C. E. Estey and children, Mr. and Mrs. Louis Hall, Dr. and Mrs. Fred E. Hall, all of Columbus.

Mrs. N. B. Hall accompanied her children back to Columbus Monday for a visitor.

In the series of Dahl Campbell social affairs the card party and dance of Saturday night was entertained on an unusually elaborate scale and rivalled in its gaiety and pleasure any of its delightful predecessors.

A hundred and twenty-five, employees of the firm and their guests, assembled to find the big assembly hall a scene of picturesque beauty. The hall had been transformed into a Japanese garden, the walls screened in boughs of cherry, peach and apple blossoms and over head a mass

of bloom and bright colored Japanese umbrellas, white soft light was diffused from over hanging Japanese lanterns.

The pretty scene, combined with the splendid dance music of the Jazz Orchestra, from Chillicothe, in making dancing a thing of pure delight. Card tables were arranged for those who did not care to dance and refreshments were served at half past ten o'clock.

Mr. and Mrs. Persinger Pugsley delightfully entertained with a dinner at their country home near Sabina, Sunday.

Guests attending from here were Mr. and Mrs. John Case and family, Misses Ruth Brown and Ruth Pugsley, Willard Perrill and Grove Davis

Miss Grace Post left Sunday for Dadds Ferry School, N. Y. where her sister, Miss Hazel Post, is instructor in Oratory and Dramatic Arts. Enroute she visits relatives in Columbus and makes a short stop at Niagara Falls.

Miss Hazel Post is leaving Dadds Ferry for Boston Mass., to take a two months Post-graduate Course, Miss Grace substituting and finishing the school work for her. The arrangement is a very satisfactory one, enabling Miss Hazel to continue the study in which she has developed so much talent, while her classes will be under capable management.

Miss Grace Post has just completed her third year in the Wayne township High School, and will teach again next year at the Good Hope High School.

A number of her friends in that vicinity, chaperoned by Supt. and Mrs. Bennett, gave her an enjoyable surprise at her home on the Creek road Saturday evening, to express their regret over her going away and at the same time speed the going with good wishes.

Mr. and Mrs. Tasso Post learning of the intended surprise upon their daughter freely extended the hospitality of the home, serving a dainty luncheon.

Music and contests contributed to a most pleasurable evening.

Mrs. Michael S. Creamer, children, Lida Florence and Michael Jr. and Mr. C. H. Griffin spent Sunday in Columbus visiting Mrs. J. F. Dennis, who continues to make excellent improvement at the Mt. Carmel Hospital and Mrs. Griffin, who is staying with her mother.

Mrs. Elizabeth Shafer and daughter Miss Esther left Monday morning for Aledo, Ills. where they will spend the summer with Mrs. Shafer's daughter Mrs. S. J. Wittenmeyer, who recently underwent a serious operation.

Mr. Frank Holdern left Monday morning on a motoring trip to Richmond, Ind., to have his car over hauled at the Davis factory there. Misses Dorcas and Ruth Waters accompanied him going on to Dunkirk, Ind., to visit their cousins, Mr. and Mrs. John Reece for a few days.

Mr. J. C. Dunn, Mr. and Mrs. Robert C. Dunn, Mr. and Mrs. Charles Gardner motored to Camp Sherman, Sunday to spend the day with James Franklin Dunn, who arrived in Camp Sunday morning. He expects to receive his discharge from service the middle of the week.

Miss Elizabeth McDonald, who has been spending the Easter vacation at her home here, returned to Mt. Saint Joseph's Academy, Monday, Mr. John McDonald and Miss Margaret McDonald accompanied her to Cincinnati.

Mr. and Mrs. Henry Rowe and children, and Mr. Thomas Brown of Greenfield were guests over Sunday of Mr. and Mrs. Lowell Brown.

Mr. and Mrs. F. T. Sturtevant, of Chillicothe were guests of Mrs. Sturtevant's sister Mrs. W. H. Timmons over Sunday.

Clarke McDole came down from Columbus, Friday evening to attend the Senior Class Play and spent the week end with his mother, Mrs. Jennie McDole.

Howard Harper was home from Miami University for the week end. He brought with him, Joe Ruff, of Paulding, a school friend.

Mrs. Elizabeth Parret, of Columbus is the guest of her son, Mr. C. H. Parret and family.

Mr. James Hagerty returned the last of the week from the East, where he has been visiting the leading cities in the interest of the P. Hagerty Shoe Co.

Mrs. Eva Gordon, of New Holland, has received a telegram from her son, Corporal Ferrell Gordon, of M. Company, 166th regiment, stating that he had arrived safely and was well and hoped to be home soon.

NORTH DAKOTA HAS WOMAN SCHOOL HEAD

Miss Minnie J. Nielson.

Miss Minnie J. Nielson was elected superintendent of the schools of North Dakota last November. During the recent session of the state legislature, however, the faction opposed to Miss Nielson was in control, and a law has been passed which creates a board of three members which would take over many of the duties that are now centered in the office of the elected superintendent. Miss Nielson's friends are fighting this step and the result is that she has become the center of an interesting fight.

Mrs. Harry Pugsley, sons, Charles and Harry Jr., were motoring guests here Saturday from Chillicothe. The family is now located for the summer on the large farm on the Scioto river, near Chillicothe, purchased some time ago.

Mrs. C. C. Philbrick came down from Columbus, Saturday for a short visit with her mother, Mrs. Ellen Jenkins. She returned Sunday, taking back her little niece, Jane Ann Van Winkle, for a visit.

Mr. A. S. Glascock is spending the week at French Lick Springs, Ind.

Mr. and Mrs. Otto Tricheller motored over from Chillicothe, Sunday, to spend the day with Washington friends.

Mrs. R. P. McRoy and little son, Jack, of Dayton, are spending the week the guests of Mrs. McRoy's parents, Mr. and Mrs. A. M. Brown.

Miss Winifred Willard, of Denver, Colo., who gave an address at the Sunday evening service of the Methodist Episcopal Church in the interests of the Centenary Movement, was the guest of Mr. and Mrs. C. E. Lloyd returning to Columbus, Monday morning.

Mrs. H. C. Teachnor received a letter Saturday from her son, Mercer Hufford stating that he had been made Assistant Sanitary Inspector of the 17th U. S. Field Artillery with the Regular Army in Germany.

Mrs. Jeanette Cline returned Saturday evening from several days visit with relatives at Ross County.

OLD SEX BARRIERS IN ENGLAND ARE TUMBLING DOWN

London, March 18.—(Correspondence of the Associated Press)—The House of Lords having passed the second reading of Lord Buckmaster's bill letting down the bars of the legal profession to women, the indications are that the measure will become a law during the present parliamentary session.

One by one, as a veteran observer of the struggle for woman's rights points out all the old sex barriers are tumbling down. It was strange, he says, to hear the government's blessing of this bill pronounced by the Lord Chancellor who, as Sir F. E. Smith, was one of the chief opponents of women suffrage when he was a member of the House of Commons during the war, the Lord Chancellor explained, in vindicating his former opposition, had profoundly altered matters. "I may say," he continued, "that under the changed circumstances of the time the government welcomes this proposal, and that it is their hope that they may be able to give it such assistance as will render its passing into law highly probable."

The bill confers upon women the right of qualifying either as solicitors or barristers. It does not extend, however, to Scotland or Ireland.

PRIMITIVE MILL NEAR COBLENZ

Coblentz, March 14.—(Correspondence of the Associated Press)—One of the sights in Remagen for American soldiers quartered in this section of the occupied area is a primitive stone mill used by the Germans for the production of a vegetable substitute for animal and mineral oils and fats. An oil was made here from the seeds of beech trees and the fodder plant, rape. These seeds were mixed in equal parts and ground in the stones of the old mill. Twelve pounds of seeds yield about one quart of oil and left a highly nutritious cattle fodder. Remagen has been headquarters of the 165th Infantry, New York's "Old Sixty-ninth" of the Forty-second division.

JEFFERSONVILLE SCHOOL EXHIBIT PLEASES PATRONS

All day Friday patrons and friends visited the Jeffersonville schools to see the fine school exhibits, the work of the pupils. This work not only revealed the good condition of the schools but reflected favorably on the teachers in charge.

In the morning the Civics class of the high school conducted a mock trial which created keen interest. The circumstance leading up to the trial was the robbery of the Commercial Bank of the bookkeeping department by two members of the Civics class, and was presented for the purpose of instruction.

But the main feature of the day was the splendid program presented at the Town Hall in the evening. Every pupil in the school took part, and the children were so efficiently trained that they went through the entire program without a single mistake. Miss Isabelle Kennan managed the program.

Each teacher directed a well given program in her own respective grade. The program opened with all the grade children assembled on the platform singing a favorite melody. The Primary room, Miss Helen Pultz, teacher, was second on the program.

Their dramatization of the "Three Bears" called forth hearty applause. They also presented a pretty folk dance.

A "Mother Goose Party" by Miss Ala Zimmerman's second grade with all the familiar Mother Goose characters in attendance was a unique feature of the evening. The little tots in fanciful costumes presented a very attractive picture, as they grouped together on the platform.

The third and fourth grades, Miss Louise Fults teacher, gave their regular calisthenics exercises, supplemented by a folk dance, remarkably well. Each movement was in perfect accord with the music, and rivalled the Flag Drill by the pupils of the fifth and sixth grades. Miss Geneva Highbee teacher. This drill was one of the prettiest numbers on the program.

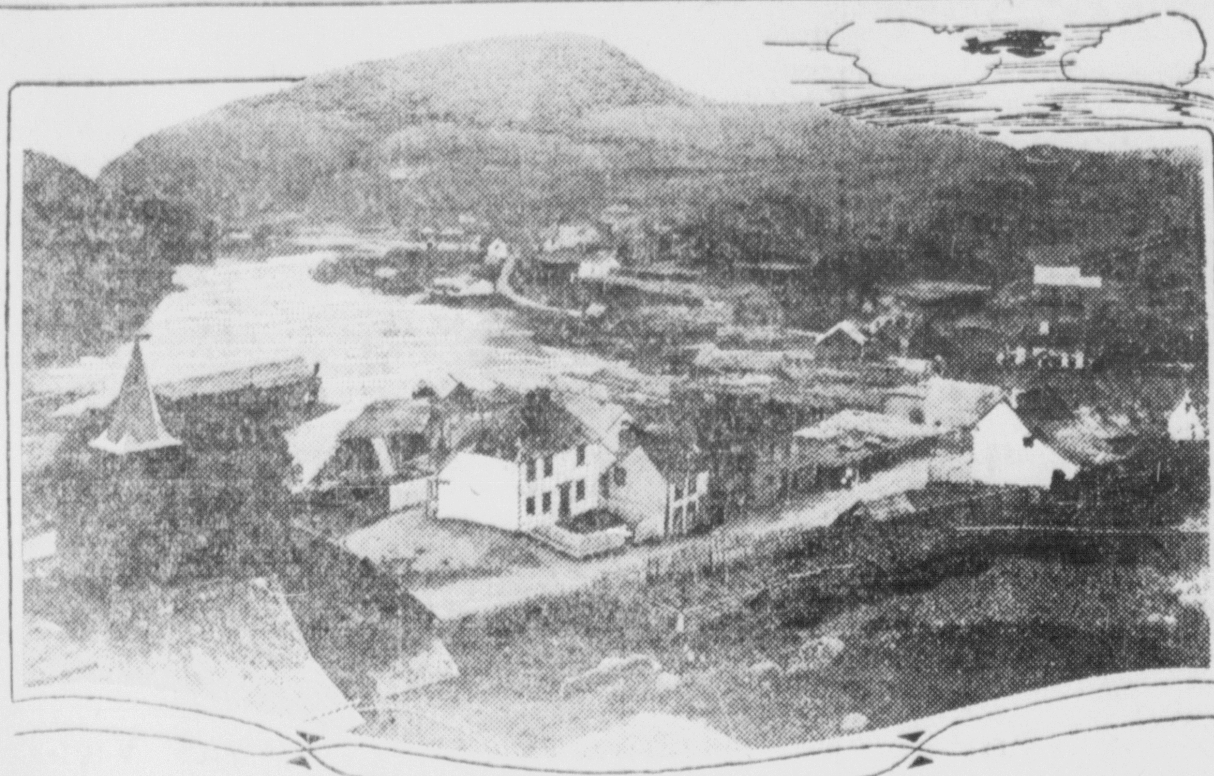

The seventh and eighth grades closed the grade part of the program with a true school affair "The Picnic." Their stage presentation of which was all but an out-door reality. Miss Maude Cox, the teacher, was in charge.

Van Dyke's "Home Again," and "The Carmen Waltz" were splendidly sung by the high school chorus. Miss Ruth Crumrine and Alvin Ladd added pretty solos. An impressive pantomime "The Star Spangled Banner" was gracefully posed by Miss Gwendolyn Spengler, while Miss Kennan sang the solo part beautifully.

A one act comedy "The Kleptomaniac" that was highly entertaining as well as disclosing clever acting, was presented by the Sophomore girls. The character roles were taken by Miss Hazel Williams, Miss Ruth Straley, Miss Jeanette Jones, Miss Dales Beecher, Miss Louise Reid, Miss Ruth Seibert and Miss Eunice Ervin.

Miss Helen Craig of the high school corps played the accompaniments throughout the evening. Others assisting Miss Kennan were Superintendent R. E. Correll and Mr. Bryce Bell, a teacher in the high school.

WHERE FIRST TRANS-ATLANTIC FLIGHT MAY START

Village of Quidi Vidi, Newfoundland.

Officials in charge of the plans for the first trans-atlantic air trip have selected the quaint little fishing

village of Quidi Vidi, Newfoundland, as one of the possible starting points for the flight across

the ocean. Hangars for the planes have been erected near the little town.

CLAIM BANDITS BEAT AND ROBBED GYPSY FAMILY

Daring Robbery Occurs Near Jeffersonville At Eight O'clock This Morning and Desperadoes Escape.

ONE WOMAN MAY DIE

Victim Declares Same Band Twice Previously Robbed Him of all he Possessed.

After beating two women and three children in the most brutal manner and leaving one of the women probably fatally injured, a band of five Gypsy auto bandits, Monday morning about eight o'clock obtained \$2500 from among the effects of a family of Gypsies encamped at the Robinson school house, three miles north of Jeffersonville, and escaped, driving northward apparently headed toward Springfield.

The murderous assault and robbery took place in broad daylight while Tene Bimbo, Italian nomad, was at a nearby farm house in quest of something to eat, leaving his mother, 90 years of age, and his wife and three children at the mercy of the band of robbers who swooped down in an automobile, covered the family with revolver, and then proceeded to beat them in the most shocking manner until they revealed the hiding place of the money, in a pillow case, divulging the hiding place to save their lives.

The whole affair occupied a comparatively short space of time and after ripping open the pillow case and extracting two \$1000 bills and a \$500 bill, which Bimbo declares was in the pillow case they departed at top speed head up the Solon pike, and since that time nothing has been heard from them, although telephone messages have been sent to all parts of Central Ohio in an effort to capture the bunch.

Bimbo has been traveling about in a motor truck, presumably picking up a living as he went, and laying aside some money from farm produce which he sold. The accumulation represented the hoardings of years.

Sunday he encamped at the Robinson school house in Jefferson township. Monday morning he had walked to a farm house less than a half mile distant and it is presumed that the bandits had been following him and awaited this opportunity to attack the family and obtain the money.

When the bandits flourished revolvers and threatened to kill the women if they did not reveal the hiding place of the money they refused to tell. Then the but end of the pistols were used with telling effect, and one blow it is believed inflicted a mortal wound to Bimbo's wife. In addition to cuts across the top of the head, the faces of the women were lacerated and bruised in many places. Mrs. Bimbo was unconscious when found. The children, who attempted to give the alarm, were attacked and beaten about the head and face.

Soon afterward Bimbo returned, but it was nearly two hours before he notified the authorities, and while every effort has been made to apprehend the band, there is little hope of locating them in Ohio.

A physician was called and dressed the wounds of the women. It is believed the skull of Mrs. Bimbo was

fractured and her condition is critical. Bimbo insists the party had robbed him twice before, and that once in Chicago he forced them to return the money stolen from him.

BOTH BONES BROKEN

Mrs. Madge Miller McCrea had both bones above the ankle in the right leg broken in a fall, Sunday night.

The accident happened as she stepped down from the porch of a neighbor's home. She was taken back to her own home on South Sycamore street suffering greatly and it will probably be several days before the broken bones can be set.

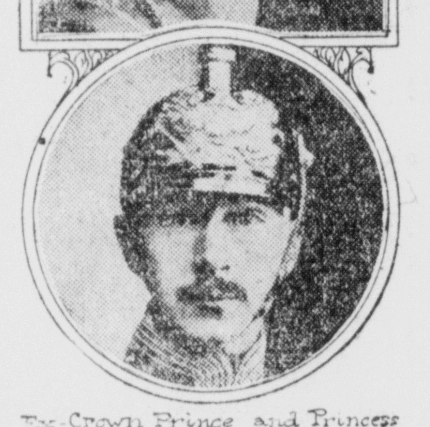

Mrs. Lulu Cissna of N. North street was summoned at once to her sister and medical assistance secured.

The circumstances are especially hard. Mrs. McCrea making the home for her father, Mr. A. M. Miller, who is eighty-three years of age, and frail and the accident arouses the sincere sympathy of Mrs. McCrea's many friends.

SUED FOR DIVORCE

The Crown Prince and Princess Cecille of Germany.

The former German Crown Princess Cecille has taken steps to divorce her husband, Frederick William, according to a statement given to Swiss papers by the former Grand Duchess Anastasia of Mecklenburg-Schwerin, mother of the former Crown Princess. The statement of the Grand Duchess charges Frederick William with cruelty to his wife, saying: "My daughter will be able to place before the German court overwhelming evidence against her husband and will be able to prove many instances of the grossest cruelty against him. His infidelities were numerous, and there is abundant proof of them."

"His brutality was atrocious. On more than one occasion my daughter was treated with actual violence. She was bruised, and her face was disfigured by her husband's blows."

FUNERAL SERVICES OF LA FAYETTE NOBLE

Mr. LaFayette Noble well known farmer and dairyman of New Holland, who died suddenly of heart trouble Friday noon, was laid to rest in the New Holland cemetery Sunday afternoon.

FITE'S GROCERIES QUEENSWARE

We received this morning 6 dozen high grade

Aluminum Percolators!

The regular selling price of these percolators is \$1.75. We intend to give everyone a chance to own a percolator absolutely free of cost.

Our Washington Blend Fresh Roasted Coffee sells regularly at 42c per pound. It is the lowest priced coffee on the market today, quality considered. Other coffees of inferior quality are selling as high as 45c and 46c per pound.

Here Is Our Proposition:

Buy 25 pounds of Washington Blend Coffee at 42c per pound, no advance over the regular price. We will give you absolutely free of charge a handsome aluminum percolator that sells regularly at \$1.75. The coffee purchased one pound at a time would cost you 42c per lb. We give you the percolator when you buy 25 pounds.

Coffee made in a percolator is different from that made in an ordinary coffee pot. Give us your order for 25 pounds of coffee. Own one of these beautiful percolators without cost to you.

We are making some special prices this week on four beautiful patterns in

English Dinnerware

The Cadore, Fresno, Litchfield and Kew decorations.

6 7-in. plates; 6 5-in. plates; 6 individual butters; 6 teas and saucers, 6 fruit saucers, 1 meat platter, 1 vegetable dish, 1 sugar and cream; 1 bowl.

The regular prices of these sets are—
\$13.75, \$14.00, \$14.15, \$14.95
For this week only we are offering a special discount of 10 per cent from above prices—

\$12.38 \$12.60 \$12.74 \$13.46

These are all open stock patterns. Any time you wish to replace a broken piece you can do so direct from our stock. On display in our window this week.

"FREEDOM'S FIGHTING SIX"

A MAJOR ATTRACTION

The Biggest Attraction Awarded to the Fourth Federal Reserve District for the Victory Loan Campaign will be in

WASHINGTON C. H., OHIO, ON Wednesday Evening, April 30th

Preceded by concert by Whelpley's Band on the court house square at seven o'clock P. M., followed by parade of returned soldiers.

Immediately afterward procession will move to High School Auditorium, where mass meeting will be held and public will have an opportunity to see and hear members of famous group speak.

"Freedom's Fighting Six" is a noted company of heroes and high officials of the Allies. Members of this troupe consist of Captain L. D. Gibbs, member of the British Embassy and British High Commission of America; Lieut. Robert A. Shaw, member of the Canadian High Commission of America; Lieut. Rene Froument, member of the French High Commission in America; Marechal Emile Hendrickx, Secretary of the Belgian High Commission of America; Lieut. Bruno Rosselli, member of the Italian High Commission in America, and Captain F. C. Redick, of the United States, member of the 37th Division, and one of the five men cited for special bravery in the Argonne Forest on special order from Secretary Baker.

THE TROPHY TRAIN

On the same day the trophy train comes to Bloomingburg from Bainbridge, changing from the D. T. & I. to the B. & O. at Washington. Due at Bloomingburg at 12 o'clock, noon. Departs at 4:30 in the afternoon.

ON THURSDAY, May 1st, another train comes to Washington. Arrives at 6:00 o'clock a. m. and remains until 1:30 p. m. Both these trains carry more cars and a larger and more interesting collection of relics than ever before. Everyone will have plenty of time to view them.

THE TANK COMING

The time of the arrival of the Whippet Tank is not yet definitely known. The last message promises the arrival of the tank on Thursday, but that is not definite, as the tank is traveling five days behind schedule. Every possible method will be used to inform the public as soon as definite information of the time of arrival is received.

WHISTLES AND BELLS TO ANNOUNCE—If word is received too late for notification through the newspapers, the Committee has arranged to have all the whistles blown and all the bells rung at least one hour in advance of the arrival of the tank, so as to give ample time for rural residents to reach the city.

THE TANK PROGRAMME—The tank will first be taken to the court house square for exhibition, where announcement will be made of the place where maneuvers will be conducted, so as to show how the fight was conducted with tanks.

REVISED COVENANT IS
EXPECTED TO SATISFY
AMERICAN OBJECTIONS

Thirty-one States Are Included
 in the World League Pact
 Now Being Considered

MEXICO IS NOT INCLUDED

Each State Has One Vote in
 Plan. Wilson Wins Fight
 Against Jap Plan

(By Associated Press)

Washington, April 28.—The revision covenant of the league of nations, as it was presented at Paris to-day to the peace conference in plenary session, was made public last night by the state department.

Its essential features, including important amend-
 ments designed to meet criti-
 cisms in the use of the origi-
 nal draft, already had been
 disclosed through an official
 summary issued two weeks
 ago when the revision was
 completed.

Attached to the text, however, is
 the hitherto unpublished "annex" re-
 ferred to in the covenant in which are
 named the 31 states, including the
 self-governed British dominions,
 which are to be the original members
 of the league of nations, and 13 states
 to be invited to accede to the coven-
 ant. The original members are all
 the nations which declared war on
 Germany, and in addition the new
 states of Czechoslovakia and Poland.

Those invited to become members by
 acceding to the covenant are the
 three Scandinavian countries, the
 Netherlands, Switzerland, Spain and
 Persia and the American republics of
 Argentina, Chile, Colombia, Paraguay,
 Salvador and Venezuela.

Mexico was not represented in the
 conference of neutrals at Paris and
 as was expected, does not appear in
 the list. Provision is made in the
 covenant, however, for the admission
 to the league of any fully self-govern-
 ing country which will give required
 guarantees, upon a two-thirds vote of
 the assembly, composed of representa-
 tives of the member nations.

Shall Act Through an Assembly.
 As in the original document, the
 covenant provides that the league
 shall act through an assembly, in
 which each state shall have one vote
 and not more than three delegates,
 and a council, comprising for the
 present one representative of each
 of the five great powers and each
 of the other powers to be selected
 from time to time by the assembly.
 Members of each class represented
 on the council may be increased by
 unanimous consent of the council and
 a majority of the assembly.

Publication of the text discloses that
 the official summary quoted verbatim
 the new article recognizing the Mon-
 roe doctrine. It provides that nothing
 in the covenant shall be deem-
 ed "to affect the validity of interna-
 tional agreements such as treaties of
 arbitration or regional understand-
 ings like the Monroe doctrine, for se-
 curing the maintenance of peace."

This was the amendment for which
 President Wilson made a successful
 fight at the same time the Japanese
 delegation to the peace conference
 sought vainly to have a race equality
 provision inserted in the covenant.

Changes suggested in criticisms in
 the United States senate add provi-
 sions for the withdrawal of a mem-
 ber nation upon two years' notice af-
 ter fulfillment of the league obliga-
 tions, exempt domestic questions from
 the league's jurisdiction, provide that
 mandates over German colonies or
 former Ottoman dominions shall be
 given only to nations willing to ac-
 cept them, leave it to member states
 to decide what armed force, if any,
 it will contribute to the force re-
 quired by the league to enforce its man-
 dates and make it clear that member
 states individually will pass upon pro-
 posed limitations upon their arma-
 ments.

Must Have Unanimous Vote.
 With modifications, the new draft
 includes all the provisions for the
 submission to the council of interna-
 tional disputes, for inviting nonmem-
 ber nations to accept the obligations
 of members for the purpose of ad-
 justing disputes and for breaking
 economic relations or the use of
 armed force in dealing with a state
 which has broken the covenant and
 thereby committed "an act of war
 against the league."

Except in certain specified instances
 unanimous agreement is required for
 all decisions, in the provisions for
 the settlement of disputes, it is set
 forth that the votes must be unani-
 mous, excepting the representatives
 of the parties to the dispute.

Geneva, Switzerland, is named as
 the seat of the league, where the
 secretary general will maintain head-
 quarters and where the council and
 assembly will meet at stated intervals,
 unless some other place of meeting
 is designated.

TO BEAT KRUPPS

Troy, N. Y., April 26.—It was an-
 nounced yesterday by Colonel Mel-
 lenger of the Watervliet arsenal that
 the government at Washington had
 authorized gigantic extension plans
 which will convert the gun factory
 opposite this city into the greatest
 plant of its kind in the world, not
 excepting that of the Krupps in Ger-
 many. The plans call for the ex-
 penditure of \$14,000,000 and the pur-
 chase of 35 additional acres of ground
 in Watervliet, eliminating several
 prominent streets in the city.

RESTA IS SHREWD
DRIVER IN RACES

Dario Resta.

Dario Resta, owner of the only
 championship medal in the history of
 American automobile racing, will de-
 fend his right to the title won in
 1916, in the 500-mile Liberty Sweep-
 stakes at Indianapolis, May 31.

Resta is a driver who is possessed
 of great mechanical ability and is
 also a shrewd driver. It is notice-
 able that he either wins or does not
 finish the race. In the fifteen races
 that figured in the 1916 champion-
 ship Resta finished first in five and
 gained 4,100 points.

DATE OF 166TH
PARADE NOT SET

(By Associated Press)

Columbus, O., April 28.—Commit-
 tees planning for the reception of the
 166th regiment yesterday were some-
 what up in the air over reports that
 it may leave Camp Merritt for Ohio
 today or tomorrow.

No official word to this effect was
 received here, but, according to offi-
 cers of the One Hundred and Sixty-
 sixth, 50,000 American troops are due
 to land at New York this week. To
 make room for them at surrounding
 camps, regiments which reached the
 states last week probably will be
 rushed out to their demobilization
 camps ahead of schedule, it is believ-
 ed.

There is a possibility that the One
 Hundred and Sixty-sixth may be here
 for its parade Wednesday or Thurs-
 day. Original advices were that it
 would be here for a demonstration
 Friday or Saturday.

COMING EVENTS

April 30—Trophy train arrives at
 noon and transfers to Bloomingburg
 where it will remain during most of
 the afternoon.

April 30—Grand Patriotic rally and
 parade at Washington C. H. Returned
 soldiers of county will be big
 feature. Plans for parade and enter-
 tainment are not yet completed. This
 will be the big day of the great cam-
 paign. One of the best attractions of
 the Fourth District—"Freedom's
 Fighting Six"—will be seen in Wash-
 ington.

May 1st—Trophy Train in Wash-
 ington for at least five hours, prob-
 ably leaving at noon.

May 2nd—Senator Pomerene is
 scheduled to speak at the high school
 auditorium at 8 p. m. Banquet by

Overland Model 90 Touring Car

Showing the World What 600,000 Owners Know

A few days ago a STOCK Model 90 Overland touring car again
 proved its stamina by smashing completely the world's non-stop
 HIGH GEAR record. The official records prove it to be one of the
 greatest reliability records ever made by any car. The distance cov-
 ered was 129 miles better than the best previous showing.

This test was made in Oklahoma. It was not staged on boulevards.
 The daily average was over 600 miles through the severest
 weather, and over every kind of road from country highways to
 crowded city streets. The distance was equal to a trip from New
 York to Los Angeles, and back to Oklahoma City.

The car was sealed in HIGH GEAR and the shift lever was re-
 moved. Not once was there the slightest mechanical trouble, the
 least hesitation, or the faintest break in the smooth, even action of
 the Overland motor.

At the end of seven days and seven nights of gruelling test the
 Overland Model 90 finished in as perfect running condition as when it
 started, and this standard car is an EXACT DUPLICATE of the Model
 90 we will be glad to show you.

This test does not make the car better, it merely proves in a
 dramatic way what owners already know about this wonderful car.

THEY HIT THE SPOT.

D. McMillen, Volunteer Fireman's
 Home, Hudson, N. Y., writes: "Foley
 Kidney Pills are like a stream of wa-
 ter played on a fire by firemen. They
 hit the spot, put out the fire and
 drown the pain." Foley Kidney Pills
 relieve rheumatic pains, backache,
 sore muscles and other symptoms of
 kidney and bladder trouble. Black-

Why Use Spring Fertilizers

Supplying plant food in the form of quickly available fertilizer in-
 creases the "stooling," and increases the yield pro rata. Small grains
 need fertilizer—their failure to stool out and cover the ground is
 often due to a lack of phosphoric acid.

Reasons for Fertilizing
Your Corn Crop

Every corn grower wants "hard corn"—corn with ears that are big
 and kernels that are deep; corn that dries out hard and solid and
 makes the highest quantity food. To grow that sort of corn the plant
 must work every minute of the growing season.

FERTILIZING THE CORN CROP GIVES TO THE
 YOUNG SEEDLING A QUICK START, SO THAT IT
 MAY MAKE THE BEST POSSIBLE USE OF EVERY
 DAY OF THE GROWING SEASON.

Farmers will find no fertilizer more quickly available and in better
 condition than the well known
